The Weather Outlook

At Altnaharra in the Highlands of Scotland the temperature fell to -21.2°C , the coldest on record for 2 December.

Gatwick Airport remained closed for a second day and was not expected to open before this morning. A spokesman said that 45 cm of snow over the past two days was too much for a team of 100 people and 45 vehicles trying to clear the single runway.

- **Tomorrow:** Slightly warmer across UK, reaching 5°C in the South West, 2°C in London, 0°C in Scotland.
- **Sunday:** Remaining slightly milder. Dry, sunny and pleasant over almost the entire country.
- **Monday:** Much colder over the whole country. Threat of thick fog and icy conditions.
- **Tuesday:** Little change.

Dubai's population was 1.72 million in 2009. The tourist industry has become important (18% of total national income) with over 6 million visitors a year. There are hotels catering for 'prestige tourism', including the world's only seven-star hotel (Burj Al Arab) and an international airport (37.4 million passengers in 2008). Dubai Sports City, camel and horse racing, and yacht clubs are examples of the facilities offered. A theme park, Dubai Land, is due to be built with seven different themed worlds.
