The Weather Outlook

At Altnaharra in the Highlands of Scotland the temperature fell to -21.2°C , the coldest on record for 2 December.

Gatwick Airport remained closed for a second day and was not expected to open before this morning. A spokesman said that 45 cm of snow over the past two days was too much for a team of 100 people and 45 vehicles trying to clear the single runway.

- **Tomorrow:** Slightly warmer across UK, reaching 5°C in the South West, 2°C in London, 0°C in Scotland.
- **Sunday:** Remaining slightly milder. Dry, sunny and pleasant over almost the entire country.
- **Monday:** Much colder over the whole country. Threat of thick fog and icy conditions.
- **Tuesday:** Little change.

Dubai's population was 1.72 million in 2009. The tourist industry has become important (18% of total national income) with over 6 million visitors a year. There are hotels catering for 'prestige tourism', including the world's only seven-star hotel (Burj Al Arab) and an international airport (37.4 million passengers handled in 2008). Dubai Sports City, camel and horse racing, and yacht clubs are examples of the facilities offered. A theme park, Dubai Land, is due to be built with seven different themed worlds.
