GCE Advanced Level

# MARK SCHEME for the May/June 2006 question paper

# 9706 ACCOUNTING

9706/04

Paper 4 Maximum raw mark 120

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the *Report on the Examination*.

The minimum marks in these components needed for various grades were previously published with these mark schemes, but are now instead included in the Report on the Examination for this session.

• CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2006 question papers for most IGCSE and GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

| Receipts from issue of ordinary shares          | <u>70</u> (1)            |
| Decrease in cash                                | <u>(79</u> ) <b>(1)</b>  |
|   |                          |

### Reconciliation of operating profit to net cash inflow from operating activities

|                       | \$000                   |
|-----------------------|-------------------------|
| Operating profit      | 450 <b>(1)</b>          |
| Depreciation          | 115 <b>(1)</b>          |
| Increase in stock     | (59) <b>(1)</b>         |
| Increase in debtors   | (35) <b>(1)</b>         |
| Decrease in creditors | <u>(60</u> ) <b>(1)</b> |
|                       | 411                     |

[13]

(d) May be required to do so

Shows why cash and profits are not the same

Shows internally generated cash and cash from external sources

Links balance sheets

Cash is important to survival - shows how cash is generated and used

Other sensible answers are acceptable

Each point maximum two marks. 1 mark for identification and a further mark for development.
