BIOLOGY

9700/03

Paper 3 Practical Test AS

May/June 2003

CONFIDENTIAL INSTRUCTIONS

Great care should be taken to ensure that any confidential information given does not reach the candidates either directly or indirectly.

Instructions for preparing apparatus

These instructions give details of the apparatus required by each candidate for each experiment in this paper. A summary of the questions that will be presented to the candidates is included, where appropriate, to allow the Biology teacher to test the apparatus appropriately. **No access to the question paper is permitted in advance of the examination session.**

If a candidate breaks any of the apparatus, or loses any of the material supplied, the matter should be rectified and a note made in the Supervisor's Report.

Candidates must be provided with a microscope with low power and high power objectives (e.g. $\frac{2}{3}$ in and $\frac{1}{8}$ in). Each candidate must have the sole use of a microscope for 30 minutes.

Supervisors are advised to remind candidates that **all** substances in the examination should be treated with caution. Pipette fillers and safety goggles should be used where necessary.

In accordance with the COSHH (Control of Substances Hazardous to Health) Regulations, operative in the UK, a hazard appraisal of the examination has been carried out.

The following codes are used where relevant.

C = corrosive substance

F = highly flammable substance

H = harmful or irritating substance

O = oxidising substance

T = toxic substance

If you have any problems or queries regarding these Instructions, please contact CIE

by e-mail: International@ucles.org.uk,

by phone: +44 1223 553554,

by fax: +44 1223 553558,

stating the Centre number, the nature of the query and the syllabus number quoted above.

This document consists of **3** printed pages and **1** blank page.

Each candidate must be supplied with the following apparatus and materials.

To be supplied by the Centre

Question 1

- (i) 25 cm³ of actively respiring yeast solution (made up according to the manufacturer's instructions or 10 g in 100 cm³ of distilled water and kept at a temperature of approximately 35 °C) with an additional 10 g of glucose added per 100 cm³ of yeast solution) and labelled **S1**.
Prepare this up to 18 hours before the examination and add a further 10 g of glucose 15 minutes before the examination.
- (ii) Two test-tubes plus two boiling tubes (approximately 25 mm in diameter) with bungs and delivery tubes made up as shown in Fig. 1.1.

Fig. 1.1

- (iii) Access to tap water.
- (iv) A water-bath or means of maintaining the temperature i.e. beaker, Bunsen, tripod and gauze.
- (v) A thermometer 0–100 °C.
- (vi) A stopclock or stopwatch or sight of a clock with second hand.
- (vii) A measuring cylinder to measure 25 cm³.

Question 2

- (i) Slide **S2** (from Cambridge).
- (ii) An eyepiece graticule (from Cambridge).

To be supplied by Cambridge

- (i) Answer books, which also contain the questions.
- (ii) Slide **S2** (Question 2 and shared between 2 candidates).
- (iii) Eyepiece graticules (Question 2). These should be cut to fit the microscope eyepiece.

RETURN OF EXAMINATION MATERIALS TO CAMBRIDGE

Please read the following instructions carefully.

Immediately after the examination, the slides must be returned to Syndicate Buildings in the containers in which they were received, using the self-adhesive label for the parcel; they must not be included in parcels of scripts. On occasion, it may be possible for the Syndicate to offer certain slides or materials, used in the examination, for sale to Centres. In this case, an Order Form will be enclosed with the materials sent from Cambridge for the examination. Slides and containers not returned in good condition will be charged at the rate of £3 per item.

REPORT FORM

In order to minimise the disadvantages of a practical examination at which the Examiner is not present, the teacher responsible for the examination is asked to complete the Report Form on the back cover of the script of the candidate whose name appears first on the attendance register. Further comments by teachers need only be made on those scripts where difficulties are encountered.
