UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS

GCE Advanced Subsidiary Level and GCE Advanced Level

MARK SCHEME for the October/November 2011 question paper for the guidance of teachers

9700 BIOLOGY

9700/33

Paper 3 (Advanced Practical Skills 1), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Page 2	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

Mark scheme abbreviations:

; separates marking points

I alternative answers for the same point

R reject

A accept (for answers correctly cued by the question, or by extra guidance)

AW alternative wording (where responses vary more than usual)

underline actual word given must be used by candidate (grammatical variants excepted)

max indicates the maximum number of marks that can be given

ora or reverse argument

mp marking point (with relevant number)

ecf error carried forward

I ignore

ACE Analysis, Conclusions and Evaluation (skills)

MMO Manipulations, Measurement and Observation (skills)

PDO Presentation of Data and Observations (skills)

Page 3	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

1 (a)	(i)		[3]
		Do not give marks mp2 and mp3 for simple dilution	
AO ons 1	[1] mp1	labels under correct sequence of beakers <u>0.5(%)</u> AND <u>0.05(</u> %) AND <u>0.005(</u> %);	
MMO decisions		Additional guidance Must have % once	
	[1] mp2	Must be serial dilution (R if simple dilution) and adds previous concentration of milk (M) to each of three beakers and 1 cm ³ (adds previous concentration of M to each of three beakers and 1 cm ³)	
8		EITHER 1 cm ³ on an arrow from each previous beaker to next	
suo		OR $\underline{1}$ cm ³ of $\underline{5}$ (%) (to 3 rd beaker) AND $\underline{1}$ cm ³ of $\underline{0.5}$ (%) (3 rd to 4 th beaker) AND $\underline{1}$ cm ³ of $\underline{0.05}$ (%) (4 th to 5 th beaker);	
MMO decisions		Additional guidance Must have cm ³ once in either and or % once when labelling or ecf if mp1 not given	
IMO	[1]	(adds (distilled) water/W to each of three additional beakers but MUST add previous concentration to fourth and fifth beakers)	
2	mp3	9 cm³ (into each beaker 3 rd /4 th /5 th) of (d) W or water;	
		Additional guidance Must have cm ³ once ecf if mp2 not given	

Page 4	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

	(ii)			[5]
	[1]	table with cells drawn AND h	eading (top left) percent(age) conc(entration) ;	
PDO recording 2		Additional guidance	A no outer boundary A % R % in body of table R other units e.g. mol dm ⁻³	
эро ге	[1]	(headings) colour OR obse	ervation(s) AND number or no or # or scale;	
		Additional guidance	R headings for standardised variables e.g. volumes Ignore heading for test-tubes or additional observations	
	[1]	records results for any 5 diff	erent concentrations and U (ignore position) and W/0;	
3 ر		Additional guidance	A colours or numbers or only whole numbers	
ctio	[1]	records their highest concen	tration as highest number AND records next lower concentration next highest number;	
MMO collection		Additional guidance	Must have at least two readings other than U A any values 10 or below A scale numbers in incorrectly headed column/row	
Σ	[1]	records collection of EITHER A scale numbers in incorrect	(for W) <u>blue or no purple</u> AND <u>0</u> OR records replicate; ly headed column/row	

Page 5	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

(iii)								[2]						
MMO decisions 2	[1]	(from their results) puts U in	correct position on	scale;										
		Additional guidance	50	5	(0).5	(0).05	(0).005							
									18	1.8	0.18	0.018	0.0018	
			10 — darkest purple				lower blue							
			A ecf from difference R if shows values R no value for U i	in wrong order from	om their results									
	[1]	(from their result for U) corre	ct quantity to comp	t 'between and .	' as									
	Additional guidance A ecf from different concentrations													

Page 6	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

	(iv)		[max 3]
2 (mp1	(independent variable) Idea of use or (repeat with) more concentrations between two examples of concentrations used -50% and 0;	
etation		Additional guidance Ignore just wider/higher/lower ecf from answer to (a)(ii) or (a)(iii) if U more than 50%	
interpretation	mp2	Gives two examples / figures relevant EITHER to their estimate OR between 50% and 0 OR	
ACE		description of use of e.g. colorimeter readings to draw a calibration graph and read off estimate;	
A		Additional guidance ecf if recorded U is above 50% then allow two examples more than 50% for mp1 and mp2 R if examples not in correct range e.g. more than 50% when U not recorded more than 50%	
lax 1	mp3	(dependent variable) use colorimeter or colour standard card for colours and numbers; R cAlorimeter R white card or tile (since this is given)	
u uc	mp4	replicate or repeat U ;	
interpretation max		Additional guidance A more times/trials/readings or repeats or repeat Ignore mean Ignore repeat with different concentrations	
ACE	mp5	(standardised variables) use graduated pipette or syringe with smaller divisions or burette or measuring cylinder (as milk is for syringe)	s too thick

Page 7	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

(b)	(i)			[4]
	0	x-axis time (/) s or sec(onds) R mg/dm ⁻³ A mg/dm ³	R T or t AND <i>y</i> -axis <u>conc</u> (entration) <u>of protein</u> (/) <u>mg dm⁻³</u> ;	
		Additional guidance	Must have units on x-axis and y-axis	
	S	scale as x-axis 10 to 2 cm A	ND y-axis <u>20 to 2 cm</u> ;	
		Additional guidance	 ecf if no labels for axes If reverse then scale must use more than half grid for both x and y and not have an awkward scale. If move origin from 0 must label value at origin. A no 0 label at origin and no end label R awkward scale 	
	Р	correct plotting of each point	to within half a square i.e. less than 1 mm from intersection;	
PDO layout 4		Additional guidance	A small cross or dot in circle or cross in circle A ecf if x-axis not 0 if scale 20 to 2 cm even R if awkward y-axis scale blobs or dots alone cross too large	
	L		uled line of best fit (two plots on line and then 2 and 1 either side of line) AND quality clear sharp; est fit to vertical or horizontal lines of plotted point only to point line	
		Additional guidance	A ecf from incorrect P	

Page 8	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

	(ii)		[3]
ACE interpretation 1	mp1	longer time (to collect) less protein present as time increases the concentration decreases OR shorter time more protein present as time decreases the protein concentration increases;	
		Additional guidance Ignore (inversely/directly) proportional	
7	mp2	Idea of (longer time in contact or to collect) protease or enzyme hydrolyses or digests or breaks down protein;	
ACE conclusions		Additional guidance R if in context of change in concentration Ignore beads	
	mp3	(longer time) idea of ref. ES complexes or described OR (more likely) ref active sites used; (shorter time) idea of ref ES complexes or described OR (less likely) ref active sites used;	
		Additional guidance R if protein used again R enzyme all used up	

	(iii)		[2]
7	[1]	0.5 divided by / 15 multiplied by × 100;	
tion			
ACE	[1]	correct answer;	
ACE interpretation		ecf for 1 /15 × 100	
		[To	otal: 22]

Page 9	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

2 (a)		[5]		
PDO layout 1				
MMO collection 2	[1]	no cells drawn AND only one field of view AND with at least one line folded or wavy or if no folds / wave but at least one enclosed area;		
MMO		Additional guidance Ignore (folds) enclosed areas within layers		
8	[1]	drawn at least five ridges/peaks/furrows/folds/waves in one line;		
PDO recor ding	[1]	at least three folded or wavy lines OR drawn (spaces in innermost layer) as irregular (enclosed) areas OR one large enclosed area drawn with at least two lines;		
10 ion 1	[1]	correct label D with label line to EITHER between two folded or wavy lines or touching one of folded or wavy lines OR if enclosed area with two lines then inside this layer or to outer line;		
MMO		Additional guidance R any other label R any label within drawn lines		

Page 10	Page 10 Mark Scheme: Teachers' version		Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

(b)	(i)	[4]		
PDO layout 1	[1]	no shading AND largest nucleus more than 30 mm at longest point AND (clear, sharp, unbroken lines on outer membranes only) Must have three or more hand drawn enclosed areas R if drawn over the print of question any line 1mm or thicker or ruled any feathery or broken/dashed line any 'tails' or overlaps or gaps if three or fewer enclosed areas 2 'tails' or overlaps or gaps if four or five enclosed areas		
[1] <u>five</u> whole nuclei drawn as in Fig. 2.1; Additional guidance R double line for outer boundary/nuclear membrane R additional diagrammatic organelles or chromosomes				
8	[1]	two nuclei are drawn with nucleolus (in nuclei shown by x , y , or z in guidance diagram below) ignore contents of u , w , and y		
MMO collection		guidance diagram: W X Y U U U U U U U U U U U U		
MMO decision 1	[1]	correct label with label line to one nucleolus in x, y or z only; Additional guidance R if any label is biologically incorrect e.g. from incorrect organ or cell organelles such as Golgi or mitochondria any label within or overlapping drawn nucleus		

Page 11	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

	(ii)			[3]
O on 1	[1]	measures line L correctly in 14 or 14.5 or 15 or 15.5 or 1		
MMO collection		Additional guidance	A 1.4 or 1.45 or 1.5 or 1.55 or 1.6 or 1.65 cm Must have units somewhere Ignore use of metres	
	[1]	shows conversion mm to μm	by multiplication ×1000 or 10 ³ OR cm to μm by multiplication × 10 000 or 10 ⁴ ;	
display 2		Additional guidance	A conversion after division/incorrect measurement as long as units correct with correct conversion R if metres anywhere R if no units	
PDO	[1]	shows division of a number;		
		Additional guidance	ecf if measurement or conversion incorrect	

Page 12	Mark Scheme: Teachers' version	Syllabus	Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

(c)	(i)				[5]		
		Mark fire	st three in first column.				
PDO recording 1	[1]	organis	organise as a table/Venn diagram/ruled boxes AND headed <u>Fig.2.2</u> and <u>Fig 2.3</u> AND first difference opposite each other;				
MMO decision 1	[1]	only three observable differences recorded; R if any similarities					
	max 3		feature	Fig. 2.2	Fig. 2.3		
		mp1	(E layer) surface	rough or wavy or perforated	smooth or plain;		
က		mp2	(taste buds or cells or nuclei)	visible or present/has/yes	not seen or absent/no(ne);		
ACE interpretation max		mp3	overall shape/E/ R if 3-D e.g. spherical R villi A calculated sizes	(outer shape) folds or fingers or flat or elongated (projections or lumen) deep(er) or long(er) or large(r) or higher	rounded or circular or curved; (projections or lumen) shallow(er) or short(er) or small(er) or lower;		
ACE inter		mp4	(E or L layer) (inner shape)	folded or like fingers inside fold or goes deep	no folds inside; on surface;		
		mp5	(L layer)	thin(ner) or less or narrow(er)	thick(er) or more or wide(r);		
		mp6	overall size or E (and L) layer A calculated sizes	large(r) or thick(er or wide(r))	small(er) or thin(ner) or narrow(er);		
		mp7	different layer at base of fold	absent or no(ne)	present or yes;		

Page 13	Page 13 Mark Scheme: Teachers' version		Paper
	GCE AS/A LEVEL – October/November 2011	9700	33

Additional guidance	Ignore
	tick and cross without a key
	diagrams
	refs. to size
	3-D descriptions such as spherical
	• colours/staining

	(ii)	[1]
ACE conclusion 1	[1]	folds or ridges or projections or villus/villi or elongated or long and thin or long spaces taste bud(s) AND idea of large surface area idea of moves slower or traps liquid shape or many or both sides or all round;
		Additional guidance Must have feature and 'how'
	I	[Total: 18]
