FURTHER MATHEMATICS

GCE Advanced Level

Grade thresholds taken for Syllabus 9231 (Further Mathematics) in the October/November 2009 examination.

| | maximum mark available | minimum mark required for grade: | | |
|-------------|------------------------------|----------------------------------|----|----|
| | | А | В | E |
| Component 1 | 100 | 75 | 67 | 41 |
| Component 2 | 100 | 64 | 55 | 29 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
