

MARK SCHEME for the May/June 2006 question paper

9719/8685/8665 SPANISH

9719/02, 8685/02 and 8665/02

Paper 2

Maximum raw mark 70

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the *Report on the Examination*.

The minimum marks in these components needed for various grades were previously published with these mark schemes, but are now instead included in the Report on the Examination for this session.

- CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2006 question papers for most IGCSE and GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Quality of Language: Accuracy (same as for questions 4 and 5)

[5]

| | |
|------------------------|--|
| 5 Very good | Consistently accurate. Only very few errors of minor significance. Accurate use of more complex structures (verb forms, tenses, prepositions, word order). |
| 4 Good | Higher incidence of error than above, but clearly has a sound grasp of the grammatical elements in spite of lapses. Some capacity to use accurately more complex structures. |
| 3 Sound | Fair level of accuracy. Common tenses and regular verbs mostly correctly formed. Some problems in forming correct agreement of adjectives. Difficulty with irregular verbs, use of prepositions. |
| 2 Below average | Persistent errors in tense and verb forms. Prepositions frequently incorrect. Recurrent errors in agreement of adjectives. |
| 0-1 Poor | Little or no evidence of grammatical awareness. Most constructions incomplete or incorrect. Consistent and repeated error. |

For questions 3 and 4, the 5 marks for the quality of language will be awarded globally for the whole performance on each set of answers. With regard to **length**, a concise answer containing all mark-bearing components for content is scored on the full range of marks for language, ie length does not determine the quality of language mark. An answer scoring 0 for content cannot score **any** language marks, and the total available on the whole set of answers will therefore be affected. The final total for language will be reduced on the following scale:

- Answer(s) worth 2 or 3 scoring 0 for content: reduce final assessment by –1
- Answer(s) worth 4 or 5 scoring 0 for content: reduce final assessment by –2
- Answer(s) worth 6 or 7 scoring 0 for content: reduce final assessment by –3
- Answer(s) worth 8 or 9 scoring 0 for content: reduce final assessment by –4

Note: A minimum of 1 mark for quality of language should be awarded if there are any content marks at all (ie 0 language marks only if 0 content marks).

5 Rubric: Escribe **en español un máximo de 140 palabras** para completar las **dos** tareas siguientes.

- (a) ¿Hasta qué punto coinciden las vacaciones de las familias Pedrayes y Sanz con las de Pepe Español? y ¿cómo se diferencian? Escribe un resumen.
- (b) ¿Qué importancia tienen las vacaciones en tu país? ¿Por qué es así? Da tus opiniones.

(Nota: Escribe un máximo de 140 palabras)

Length of response

- Examiners make a rough estimate of the length by a quick calculation of the number of words on a line.
- If the piece is clearly too long, calculate the length more precisely.
- Then put a line through that part of the summary which exceeds 160.
- Marks will be totalled at the bottom in the following sequence:

Out of 10 for points scored in summary

Out of 5 for personal response

Out of 5 for language

Total ringed out of 20

Content marks: Summary

10

The summary could include the following points (award 1 mark for each point covered up to a maximum of 10):

- no salen de España
- veranean en familia
- viajan en coche
- disfrutan de la playa
- han pasado las vacaciones en el mismo sitio antes
- no salen para comer
- se quedan por dos semanas
- las dos familias no están en su vivienda secundaria ni en casa de familiares o amigos
- los Sanz no están en el Mediterráneo
- los Pedrayes reservan antes de navidades

(If candidates overlook Pepe Español and just compare the 2 families, credit the comparisons that would still be valid)

Content marks: Response to the Text

5

Mark like a mini-essay according to the variety and interest of the opinions and views expressed, the response to the original text stimulus and the ability to express a personal point of view.

| | |
|------------------------|--|
| 5 Very good | Varied and interesting ideas, showing an element of flair and imagination, a capacity to express a personal point of view. |
| 4 Good | Not the flair and imagination of the best candidates, but work still shows an ability to express a range of ideas, maintain interest and respond to the issues raised. |
| 3 Sound | A fair level of interest and ideas. May concentrate on a single issue, but there is still a response to ideas in the text. |
| 2 Below average | Limited range of ideas; rather humdrum. May disregard the element of response to the text, and write a largely unrelated free-composition. |
| 0-1 Poor | Few ideas to offer on the theme. Banal and pedestrian. No element of personal response to the text. Repeated error. |
