MARK SCHEME for the May/June 2011 question paper

for the guidance of teachers

0580 MATHEMATICS

0580/32

Paper 3 (Core), maximum raw mark 104

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

|--------|--------------------------------|----------|-------|
| | IGCSE – May/June 2011 | 0580 | 32 |

Abbreviations

| cao | correct answer only |
|-----|----------------------------|
| cso | correct solution only |
| dep | dependent |
| ft | follow through after error |
| isw | ignore subsequent working |
| oe | or equivalent |
| SC | Special Case |
| WWW | without wrong working |

| | Qu. | Answers | Mark | Part Marks |
|---|---------|--|-------------|--|
| 1 | (a) (i) | 3000 ÷ (4 + 7 + 8 + 5) and multiply by 7 | | M2 for $\frac{7}{24} \times 3000$ |
| | | | | M1 for 3000 ÷ (24 or their clear attempt at total) |
| | (ii) | 500 www cao | 2 | M1 for 4 ÷ their 24 × 3000 oe or $\frac{4}{7}$ × 875 |
| | (b) | $\frac{1}{3}$ | 2 | B1 for $\frac{8}{24}$ or $\frac{4}{12}$ or $\frac{2}{6}$ oe seen or SC1 $\frac{2}{5}$ |
| | (c) | 560 | 2 | M1 for $64 \div 100 \times 875$ or 0.64×875 oe |
| | (d) | 23.5 or 23.52 to 23.53 | 3 | W1 for 105 – 85 implied by 20 |
| | | | | M1 dep for their $(105 - 85) \div 85 \times 100$ |
| | (e) | 5660 | 3 | B2 for 5660.48 or 5660.5 or 660 |
| | | | | If B0 then M1 for $5000 \times (1 + \frac{6.4}{100}) \times (1 + \frac{6.4}{100})$ or better |
| 2 | (a) (i) | Enlargement (Scale factor) $-\frac{1}{2}$ (centre) origin oe | 1 1 1 | Independent marks |
| | (ii) | 12 | 2 | M1 for $0.5 \times 6 \times 4$ or SC1 for -12 |
| | (iii) | 15.7 to 16.5(cm) | 1 | |
| | (b) | Image (0, -2), (-6, -2) and (-4, -6) | 1 | |
| | (c) | Image (2, 0), (2, 6) and (6, 4) | 2 | SC1 rotation 90° anti-clockwise or 90° clockwise about any other point |
| | (d) | Reflection | 1 | Independent marks |
| | | y = -x oe | 1 | if no equation given then accept correct line drawn on diagram |
| | | | | |
