Paper 3 Drawing and/or Painting from a Living Person

1 November – 30 November 2005

**2 hours 30 minutes**

This paper is for the use of the Supervisor in consultation with the Art Teacher.

**READ THESE INSTRUCTIONS FIRST**

Attention is directed to the General Instructions as given in the subject syllabus for 2005.

On receipt, these instructions should be made available to the Art Teacher so that material can be prepared before the examination.

It is intended that candidates will be provided with the maximum choice of topics from those listed overleaf but it is accepted that, in certain circumstances, this may not be possible.

At the earliest opportunity candidates should be informed of the topics that will be available to them in the examination once this decision has been made.

The Supervisor is asked to ensure that the candidate's name, Centre number and candidate number, in that order, are written clearly in the top right-hand corner of the front surface of the paper.

Candidates must answer **one** of the options given overleaf.

This document consists of **2** printed pages.

## Drawing and/or Painting from a Living Person

Candidates must choose **one** of the options given below.

*Candidates should be instructed that, in either question, the relevant parts of the model's surroundings should be considered as part of the study.*

### Whole figure

- 1 The model relaxes on a comfortable chair. One foot is raised on a support, allowing the leg to be bent at the knee and clasped by both hands.

*Candidates should be instructed that they are to make a study of the whole figure. They may **also**, if they wish, include studies of other details such as the head or hands. These may be completed on an additional sheet.*

### Study of head

- 2 The model is reading, seated at a small table. One hand is placed on a book or magazine, as if to turn a page, while the other hand rests on the opposite forearm.

*Candidates should be instructed that they are to make a study of the head. They may **also**, if they wish, include studies of other details such as the shoulders or the hands. These may be completed on an additional sheet.*
