

## MARK SCHEME for the May/June 2007 question paper

### 7094 BANGLADESH STUDIES

7094/01

Paper 1 (History and Culture of Bangladesh),  
maximum raw mark 75

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2007 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

## Introduction

The questions on Paper 1 divide into several distinct types:

- \* questions which are either correct (and score one mark) or are incorrect (and score zero). These can be found in Part **(a)** of each of the four questions on the paper.
- \* questions which require candidates to relate historical information without analysis. These will usually be found in Part **(b)(i)** of Questions **2** to **4** and will be marked on a 'one point = one mark basis'
- \* questions where there is a hierarchy of correct responses, as in Part **(b)** of Question **1**, Part **(b)(ii)** of Questions **2** to **4** and in all Part **(c)** questions. For such answers, a 'levels of response' mark scheme is used. The candidate's response is placed in a level **according to the best part of the answer** and the mark within that level is awarded according to the criteria set out in the mark scheme.
