Paper 1: Specimen Paper	
Paper 1: Specimen Mark Scheme	
Paper 2: Specimen Paper	
Paper 2: Specimen Mark Scheme	

## AIMS

The Bangladesh Studies GCE O Level syllabus is divided into two main parts, which are each examined by a corresponding examination paper:

1. **History and Culture of Bangladesh (Paper 1)** aims to provide candidates with an understanding of Bangladeshi history and culture, together with an appreciation of the richness of their heritage and of events that have shaped national identity.
2. **Environment and Development of Bangladesh (Paper 2)** aims to provide candidates with an understanding of the environment and development issues of Bangladesh, together with an appreciation of the challenges and opportunities of where and how Bangladeshis live.

## SCHEME OF ASSESSMENT

Assessment will be by written examination. All answers must be written in English.

Candidates will be required to take **two** papers.

To be awarded a final grade, candidates **must** take **both** papers:

Paper 1 History and Culture of Bangladesh	1 hour 30 minutes	75 marks
Paper 2 Environment and Development of Bangladesh	1 hour 30 minutes	75 marks

## ASSESSMENT OBJECTIVES

Each paper has the following broad assessment objectives:

Assessment Objective	Paper 1 History and Culture	Paper 2 Environment and Development
Knowledge and understanding	65%	50%
Judgement and decision-making	25%	20%
Resource skills	10%	30%

## TEACHER SUPPORT

The syllabus is supplemented by a teachers' support package, consisting of:

- a free email discussion group facilitated by the Principal Examiner
- an online pilot textbook with contributions from teachers in Bangladesh
- a scheme of work containing suggested teaching activities
- a syllabus mentor to help get you started
- ongoing training using local and UK expertise.

Further information is available from:

international@cie.org.uk

**Notes**

This syllabus will be examined in the May/June session. However, an October/November examination will be considered in the future if there is sufficient demand.

Comments on the syllabus and suggestions for future syllabus revision are welcome – via the email discussion group mentioned above.

*This syllabus has been developed in partnership with private schools in Bangladesh and experts on Bangladesh in the UK.*

**Copies of syllabuses, past papers and Examiners' Reports are available on CD ROM and can be ordered using the Publications Catalogue, which is available at [www.cie.org.uk](http://www.cie.org.uk) under 'Qualifications & Diplomas' – 'Order Publications'.**

# PAPER 1 (7094/01)

## History and Culture of Bangladesh

### AIMS

---

This part of the syllabus aims to provide candidates in Bangladesh with an understanding of their history and heritage and an appreciation of the internal and external influences that have shaped Bangladesh today. Candidates are encouraged to acquire knowledge of the main events in Bangladesh's history and use this in demonstrating an understanding of historical concepts and skills, and to show awareness of differing interpretations of events. Candidates are also introduced to the key cultural influences shaping modern Bangladesh.

Whilst introducing candidates to the history and culture of their country, the syllabus aims to:

- stimulate interest and enthusiasm for the study of the past
- promote the understanding of the development of Bangladesh and its culture from ancient times to 1971
- promote the understanding of historical concepts such as cause and consequence, continuity and change, and similarity and difference
- encourage the development of skills in the selection, organisation, analysis and synthesis of historical information
- develop an understanding of the ways in which the study of History is concerned with opinion and argument, as well as acknowledged fact
- promote a knowledge of the key cultural figures and an appreciation of the different influences on the culture of modern Bangladesh.

## ASSESSMENT OBJECTIVES

The objectives of the examination are to test the candidates' proficiency in the following skills:

Objective	Description	Approx. Weighting
Objective 1: knowledge	recall factual information	45%
Objective 2: understanding	use factual knowledge to demonstrate an understanding of concepts, such as cause and consequence, continuity and change, similarity and difference	20%
Objective 3: judgement and decision-making	analyse and evaluate differing interpretations and points of view relating to the material specified in the syllabus	25%
Objective 4: resource skills	comprehend and interpret historical documents	10%

## SCHEME OF ASSESSMENT

Paper 1	1 hour 30 minutes	4 questions set	3 questions answered (Question 1 compulsory)	25 marks per question	75 marks total
---------	-------------------	-----------------	--	-----------------------	----------------

**Question 1** is a compulsory question on the **Culture and Heritage of Bangladesh (Topic 1)**, with three separate parts:

<b>Question 1 compulsory</b>	<b>Culture and Heritage of Bangladesh (Topic 1)</b>	<b>25 marks</b>
Part (a)	five multiple choice questions	1 mark each = 5 marks
Part (b)	describe and comment on the contribution of one of the major cultural figures specified in the syllabus	8 marks
Part (c)	make a judgement on the importance of different cultural figures <b>or</b> different aspects of the culture and heritage of Bangladesh	12 marks

Questions 2 to 4 **are on the History of Bangladesh (from three of the four Topics 2 to 5)**. **Candidates must choose to answer two of these questions. Each question will have a stimulus reading passage of not more than 150 words and will have three separate parts:**

<b>Questions 2 to 4</b>	<b>History of Bangladesh (choose two from three of Topics 2 to 5)</b>	<b>25 marks each</b>
Part (a)	provide additional information about the topic covered in the passage	5 marks
Part (b)	explain things mentioned in the passage	10 marks
Part (c)	show an understanding of different points of view about the topic covered in the passage	10 marks

# SYLLABUS CONTENT

---

The syllabus is divided into five topics. It is anticipated that each topic will take approximately one term to teach.

## Topic 1: The Culture and Heritage of Bangladesh

(a) Influence of major cultural figures

Candidates should be familiar with the influence of major exponents of the culture of Bangladesh. Questions will be set specifically on the contributions made by:

**Alaol; Mir Mosharraf Hossain; Kazi Nazrul Islam; Jasimuddin; Begum Rokeya; Lalon Shah; Rabindranath Tagore; Zainul Abedin.**

Candidates are **not** expected to have studied the works of such exponents in detail, but should be able to comment on their contribution to developments in, for example, language, literature, drama, dance, music, painting or architecture.

(b) General background

The emergence and development of Bengali language, literature, art and architecture from the ancient and medieval periods onwards; the particular contributions of different periods, such as the pre-Islamic, Sultanate, Mughal, British colonial and the post-1947 Language Movement on different aspects of the culture of contemporary Bangladesh; the importance of folk culture and other cultural practices in shaping the culture of Bangladesh.

Questions will be more open-ended and of a general nature and will allow for a wide variety of examples to be used to support answers. In addition to the exponents listed in (a) above, candidates may therefore find it useful to have a general understanding of the contributions made by some of the following:

**Farrukh Ahmed; Abbas Uddin Ahmed; Munir Chowdhury; Michael Madhusudan Dutta; Jibananda Das; Ahsan Habib; Sufia Kamal; Hasan Raja; Zahir Raihan; Muhammad Shahidullah; S.M. Sultan.**

Centres should take the opportunity in their teaching to make use of poetry, song, dance, drama, visits to historical sites, etc. to enhance the learning of their candidates.

## Topic 2: Pre-Mughal Bengal (4th century B.C to 16th century A.D.)

(a) Ancient Bengal

The Bangladesh region from the fourth century B.C. (roughly the time of Alexander the Great's invasion of Northern India) to the Mauryas and Guptas; differing views on the political evolution of the Bangladesh region during this period.

(b) Early Kingdoms in Bengal

The empire of Sasanka, the Pala dynasty, the Senas; the independent kingdoms of South-East Bengal.

(c) The establishment and consolidation of Muslim Rule in Bengal 1204-1342

Muhammad Bakhtiyar and the Turkish conquest; the Sufis and the spread of Islam in Bengal.

(d) The rule of the independent Sultans

The Ilyas Shahi dynasty; the Ganesh dynasty; the Hussain Shahi Dynasty.

**Topic 3: The Mughal Period (c. 1526–1757)**

- (a) The Establishment of the Mughal Empire in India and its expansion into Bengal
- Emperor Babur and the Battle of Panipath; Afghan (Pathan) resistance to the Mughals in Bengal; Emperor Humayan and the Afghan resistance; Sher Khan and the rule of the Afghans; Akbar and the beginnings of Mughal rule in Bengal.
- Akbar and the Bara Bhuiyans; Jahangir, Shah Jahan, Aurangzeb and their achievements in Bangladesh and elsewhere; the decline of the Empire after Aurangzeb.
- (b) Reasons for the decline of the Mughal Empire
- Administrative weakness; military costs; succession disputes; declining military expertise; weak control; the arrival of the British.
- (c) The decline of the Mughals in Bengal and the growth of the Nawabs
- The impact of the Mughal decline; regional independence of Bengal under the Nawabs; changes in administration, politics and society.

**Topic 4: The British Period (c. 1757–1947)**

- (a) The Arrival of the British
- The East India Company and reasons for British involvement in the subcontinent; the course of, and reasons for, British annexation of the sub-continent; the consolidation of British political and economic power in Bengal; the British use of internal divisions in Bengal; the Battle of Palashi; the consolidation of British economic and political power and the role and impact of the Permanent Settlement of 1793.
- (b) Opposition to the British
- Resistance to the British: the Fakir-Sanyasi movement; Titu Meer; the Faraizi movement; the War of Independence of 1857 – the causes of the war; the events of the war; the reason for its failure; the impact of the war on the Muslims of the subcontinent; different interpretations of the war.
- (c) British government in the sub-continent and events leading to independence in 1947
- The Partition of Bengal in 1905 and its aftermath with a focus on the Muslim League, Swadeshi movement and armed resistance; the Lucknow Pact of 1916; the Montagu-Chelmsford Reforms 1919; the Khilafat movement; the Bengal Pact; the Simon Commission 1927; the three Round Table Conferences 1930-1932; the Government of India Act 1935; provincial government and politics in Bengal 1937-47, with a particular focus on the Krishak-Praja Party and its agenda; the Lahore (Pakistan) Resolution 1940; the Second World War and the move towards partition; the Cabinet Mission Plan 1946; causes and consequences of the partition of Bengal 1947.

**Topic 5: From Pakistan to Bangladesh (1947–1971)**

- (a) Problems facing the new nation of Pakistan  
Inter-communal violence; refugees; the division of assets; social issues (health, education, national language).
- (b) Problems of national integration between East and West Pakistan  
The Language Movement; emerging disparities between the two wings of Pakistan in terms of economic development, defence and other sectors.
- (c) Political mobilization and events leading to independence  
Formation of the Awami Muslim League; the United Front; the Six Points movement; the mass uprising of 1969; the 1970 election and its aftermath; Central Government reaction to political mobilization in East Pakistan (Bangladesh); the freedom struggle and independence.

## **ADVICE FOR TEACHERS**

---

1. Teachers are advised to plan their scheme of work on the assumption that each topic identified in the syllabus will be one term's work.
2. In addition to the compulsory Topic 1, 'The Culture and Heritage of Bangladesh', teachers are also strongly advised to teach all of the historical Topics 2 to 5, so that candidates are prepared to be able to answer questions from across the whole syllabus content; otherwise they may find their choice of questions restricted.
3. Topic 1, 'The Culture and Heritage of Bangladesh', is designed to give teachers the opportunity to draw from a wide variety of cultural experiences. Candidates must be familiar with the contributions made by those exponents specifically listed in the syllabus. Questions will also provide the opportunity for candidates to provide supporting evidence from any relevant examples. Consequently, centres might like to include in their teaching a study of poetry, song, dance, drama and visits to local sites of cultural interest to enhance their students' understanding and interest.
4. Topics 2 to 5 outline the historical detail with which candidates are expected to be familiar. Centres should note that their teaching of this material should reflect the weightings of the Assessment Objectives set out in the syllabus. Whilst factual recall is important, more marks will be awarded for demonstrating an understanding of concepts such as causation and change, as well as an appreciation that history involves differing points of view. Where appropriate, centres should take the opportunity to point out that events may have been interpreted differently by different groups of historians.
5. A vital part of the teaching process should be to prepare candidates to answer the type of questions which will appear on the examination paper. For that reason, it is vital that close attention is paid to the specimen question paper at the end of this booklet and to other forthcoming support resources endorsed by the University of Cambridge International Examinations. Candidates should also be encouraged to look at the mark allocations for the questions and plan their length of response and time accordingly.
6. A Scheme of Work, with suggested teaching activities, will be available from the University of Cambridge International Examinations.

## **RESOURCES FOR TEACHERS AND STUDENTS**

---

These are some examples of the teaching resources available:

*Bamlara itihasa. Sultani Amala/ History of Bengal During Sultanate Period*; Abdul Karim; Bangla Academy; Dhaka; 1977 (in Bengali)

*Bangladesh Past and Present*; Salahuddin Ahmed; Paragon Publishers; Dhaka; 2004

*The Bangladesh Revolution and its Aftermath*; Talukder Maniruzzaman; University Press Ltd; Dhaka; Second impression 2003

*Banglapedia: National Encyclopaedia of Bangladesh*; 10 vols.; ed. Sirajul Islam; Asiatic Society of Bangladesh; 2003. This is also available on CD (see also website below).

*Cambridge Encyclopaedia of India, Pakistan, Bangladesh, Srilanka, Nepal, Bhutan and the Maldives*; ed. Francis Robinson; Cambridge University Press; 1989

*Dynastic History of Bengal, c. 750-1200 A.D.*; Abdul Momin Chowdhury; Asiatic Society of Pakistan; 'Dacca'; 1967 (includes an outline discussion of pre-750 AD period)

*History of Bangladesh 1704-1971*; ed. Sirajul Islam (3 volumes); Asiatic Society of Bangladesh; Second Edition 1997

*History of Bangladesh and Ancient World Civilizations*; National Curriculum & Textbook Board; Dhaka; Second Edition 2002

*History of Bengal, Mughal Period 1526-1765*; Atul Chandra Ray; Nababharat Publishers; 'Calcutta'; 1968

*History of the Bengali People*; Niharranjan Ray; Orient Longman; Hyderabad; 1994

*Muslim Society and Politics in Bengal A.D. 1757-1947*; Muhammad Abdur Rahim; University of 'Dacca'; 1978

*Rise of Islam in the Bengal Frontier 1204-1760*; Richard M Eaton; Berkley; University of California Press; 1993 [This book can be read online at <http://ark.cdlib.org/ark:/13030/ft067n99v9/>]

*Secondary Civics*; National Curriculum & Textbook Board; Dhaka; Second Edition 2002

### **Fictional resources**

*Of Blood and Fire, The Untold Story of Bangladesh's War of Independence*; Jahanara Imam; University Press Ltd; Dhaka; 1998

*1971 and After, Selected Stories*; ed. Niaz Zaman; University Press Ltd; Dhaka; 2001

## Web support

These are just a few examples of useful websites:

For additional information on many of the people and events set out in the syllabus, see *Banglapedia: National Encyclopedia of Bangladesh*. It can be most easily accessed on: <http://www.search.com.bd/banglapedia>

A resourceful site for bibliographic references: <http://www.questia.com/SM.qst>

Information, from maps to music, about Bangladesh; see mainly for cultural aspects: <http://www.bangladesh.com>

Interesting reading of Bangladeshi festivals: <http://www.blss.portsmouth.sch.uk/hsc/cultural/bangladesh.html>

A brief government report on the background of UN Mother Language Day: <http://www.pmo.gov.bd/21february/index.htm>

# PAPER 2 (7094/02)

## Environment and Development of Bangladesh

### AIMS

This part of the syllabus aims to give candidates a knowledge and understanding of the physical and human environment of Bangladesh and its economic development. The aim is for candidates to develop an understanding of the inter-relationship between people's economic activities and their environment, together with an awareness of some of the challenges and opportunities that arise from living in Bangladesh.

### ASSESSMENT OBJECTIVES

The objectives of the examination are to test the candidates' proficiency in the following skills:

Objective	Description	Approx. Weighting
Objective 1: knowledge with understanding	<ul style="list-style-type: none"> <li>recall specific facts relating to the topics in the syllabus content</li> <li>demonstrate locational knowledge and knowledge of broad economic trends in Bangladesh's development</li> <li>show an understanding of environmental and developmental features and their inter-relationships</li> </ul>	50%
Objective 2: resource skills	<ul style="list-style-type: none"> <li>select, organize and present environmental and developmental facts in written, map and diagrammatic forms</li> <li>use a variety of source materials, including maps, graphs, photographs, diagrams, statistics and written accounts, to interpret and extract relevant information</li> <li>use appropriate terminology</li> </ul>	30%
Objective 3: judgement and decision making	<ul style="list-style-type: none"> <li>express opinions and give evaluations on topics in the syllabus content</li> <li>understand and evaluate different perspectives on topics in the syllabus content</li> </ul>	20%

## SCHEME OF ASSESSMENT

---

Paper 2	1 hour 30 minutes	5 questions set	3 questions chosen	25 marks per question	75 marks total
---------	-------------------	-----------------	--------------------	-----------------------	----------------

Each question may be based on one or more of the ten topics in the syllabus and may involve the interpretation of resource materials.

## SYLLABUS CONTENT

---

The syllabus is divided into two parts, containing a total of 10 topics:

- Environment (Topics 1 to 4)
- Economy and Development (Topics 5 to 10).

It is anticipated that each topic will take approximately half a term to teach.

### Environment

#### Topic 1: Physical features

- (a) Natural topography – location and characteristics of the main landforms: uplands, hills, flood plains, deltaic plains and coastal plains.
- (b) Drainage system
  - i. names and locations of the main rivers – Jamuna-Brahmaputra, Padma, Meghna, Tista and Karnaphuli.
  - ii. characteristics and formation of the main features of these rivers – flood plains, meanders, braiding, ox-bow lakes, deltas.

#### Topic 2: Climate

- (a) Characteristics of tropical monsoon climate – temperature, rainfall, seasonal variation.
- (b) Factors which contribute to monsoon, depression and thunderstorm rainfall, as well as cyclones.

**Topic 3: Natural resources**

Their importance to Bangladesh and its sustainable development.

- (a) Forests and biomass – types, distribution and uses (e.g. wood and dung as energy).
- (b) Fish – inland and marine fishing, the main fishing methods and types of fish caught. Developments such as aquaculture.
- (c) Water – uses of the rivers and groundwater (e.g. irrigation, hydro-electric power, transport).
- (d) Minerals – locations and uses (e.g. gas, coal, oil, limestone, china clay, glass/silica sand).

**Topic 4: Environmental challenges**

The causes, effects, problems and/or benefits and possible solutions of the following:

- (a) Climate change – global warming/greenhouse effect
- (b) Storms
- (c) Floods – rivers, coastal
- (d) Droughts
- (e) Arsenic in groundwater
- (f) Deforestation
- (g) Pollution – water and air.

**Economy and Development**

**Topic 5: Structure and change in the economy since 1947**

- (a) The changing share of primary, secondary and tertiary sectors.
- (b) Economic growth in Bangladesh and comparisons with other countries.
- (c) Trends in human development indicators (e.g. health, literacy, life expectancy, poverty, per capita incomes).
- (d) Trends in urbanisation, migration and landlessness.
- (e) Trends in birth rate, death rate and population growth.

**Topic 6: Agriculture – the importance of agriculture to Bangladesh**

- (a) Factors affecting agricultural production – physical factors (e.g. relief, climate, soil) and human factors (e.g. labour, technology, capital, land fragmentation, chemicals, seeds, irrigation, aid).
- (b) Subsistence/food crops. A study of rice, wheat, pulses and oil seeds showing an awareness of the different environmental requirements of each crop and the processes involved.

- (c) Cash/commercial crops. A study of jute, tea, and sugar cane including the importance of growing such crops and the constraints on the expansion of cash crops. The links with industry.
- (d) The impact of new technologies in agriculture – the Green Revolution.

**Topic 7: Industry**

- (a) The importance of industrialization to Bangladesh's development. The obstacles to overcome and Bangladesh's success as a rapidly growing economy. The role of the State, the private sector and Multinational Corporations/Companies (MNCs). The impact of policy changes (e.g. the changing role of the public sector, infant industry protection and privatisation).
- (b) Types of industries – cottage industry (e.g. handicrafts), small-scale industry (e.g. garment making) and large-scale industry (e.g. jute). The characteristics of each type and their importance for employment (e.g. gender, age), trade, income and productivity growth.

**Topic 8: The service sector**

- (a) The informal sector (e.g. includes domestic servants, rickshaw drivers, shop workers) and its importance in the Bangladesh economy. The importance and challenges of moving to high-value added services (e.g. IT related industries).
- (b) Non-governmental Organisations (NGOs) as service delivery organisations (e.g. BRAC, Proshika).
- (c) The importance of the financial sector for enabling investment and mobilising savings (e.g. private sector banks, public sector banks and micro-credit such as Grameen Bank).

**Topic 9: Population structure and growth**

- (a) Structure – age/sex, rural/urban, ethnic/religious. Demographic concepts of birth rate, death rate, dependency ratio, infant mortality, life expectancy and natural increase.
- (b) Population growth of Bangladesh – reasons (birth and death rates, religious and cultural influences, health and education facilities, etc), problems caused by growth and possible solutions/policies.
- (c) Rural-urban and international migration. The reasons for population movements and their consequences.

**Topic 10: Health and education**

- (a) The health care delivery systems (e.g. hospitals, private clinics, NGOs), disease control and ways of improving the quality of life (e.g. nutrition).
- (b) The provision and delivery of education (primary, secondary and tertiary), the public sector versus the private sector, the role of the NGOs and the government in improving literacy. Different educational challenges and their priority. Improving literacy, developing occupational skills and developing professional skills (e.g. professionals and scientists).

## ADVICE FOR TEACHERS

---

1. Teachers are advised to plan their scheme of work on the assumption that each topic will take approximately half a term to teach. As the topics are inter-related, teachers are encouraged to produce as much cohesion as possible between the topics.
2. Examples of these inter-relationships:
  - i. natural topography [1a] with agriculture [6a,b,c]
  - ii. climate [2] with storms, floods and drought [4b,c,d] and agriculture [6a,b,c]
  - iii. natural resources [3] and environmental challenges [4]. (e.g. forests and deforestation).
  - iv. structure and change [5c,d,e] and population structure and growth [9a,b,c].
  - v. industry [7a,b] and literacy [10b].
3. Case studies should be used when planning lessons wherever possible – e.g. examples of farms, industries, pollution, floods, droughts. Field trips, site visits and work in the community can also be used to exemplify topics in the syllabus.
4. The candidates should use and understand the specialist vocabulary for this syllabus. Such examples include: physical factors, human factors, distribution patterns, aquaculture, deforestation, technology, capital, population structure, infant mortality, literacy.
5. Teachers should use diagrams, graphs, maps, tables, newspaper articles, photographs, etc. wherever possible. This will enable the candidates to extract information from them in order to develop their understanding of the topics covered.
6. The syllabus is concerned with a knowledge of broad trends and not necessarily up-to-date statistics.
7. Centres should note that their teaching of this material should reflect the weightings of the Assessment Objectives set out in the syllabus. Whilst knowledge and understanding are important, the syllabus also aims to develop skills in using resources such as maps and graphs. It also aims to stimulate discussion on the issues and challenges raised. Teachers should therefore also develop candidates' resource skills and should encourage candidates to express their opinions and make evaluations (e.g. on environmental challenges, or health and education).
8. A vital part of the teaching process should be to prepare candidates to answer the type of questions which will appear on the examination paper. For that reason, it is vital that close attention is paid to the specimen question paper at the end of this booklet and to other forthcoming support resources endorsed by the University of Cambridge International Examinations. Candidates should also be encouraged to look at the mark allocations for the questions and plan their length of response and time accordingly.
9. A Scheme of Work, with suggested teaching activities, will be available from the University of Cambridge International Examinations.

**BANGLADESH STUDIES**

**7094/01**

Paper 1: History and Culture of Bangladesh

May/June

SPECIMEN PAPER

**1 hour 30 minutes**

Additional Materials: Answer Paper/Booklet

**READ THESE INSTRUCTIONS FIRST**

Answer **three** questions.

Answer **Question 1** and **two** other questions.

You are advised to spend about 30 minutes on each question.

This document consists of **6** printed pages.

**You must answer this question. Answer ALL parts.**

**Question 1: The Culture and Heritage of Bangladesh**

**Part (a)**

**(i)** Who won the Nobel Prize for Literature in 1913?

- A** Farrukh Ahmed
- B** Ahsan Habib
- C** Begum Royeka
- D** Rabindranath Tagore

[1]

**(ii)** In which field did Jasimuddin contribute to the culture of Bangladesh?

- A** architecture
- B** dance
- C** painting
- D** poetry

[1]

**(iii)** What is unusual about the songs of Lalon Shah?

- A** He made no written copies of them.
- B** He wrote them all in the same year.
- C** They are all about war.
- D** They were all published abroad.

[1]

**(iv)** Who wrote 'Kabar', a poem about an old man talking to his grandson in front of his wife's grave?

- A** Jasimuddin
- B** Sufia Kamal
- C** Muhammad Shahidullah
- D** S.M. Sultan

[1]

**(v)** Begum Rokeya was most famous for her work in which field?

- A** child labour
- B** housing
- C** sanitation
- D** womens' rights

[1]

**Part (b)**

Why were the poems of Kazi Nazrul Islam important in the culture of Bangladesh?

[8]

**Part (c)**

Which of the following do you think has played the most important part in shaping the culture of Bangladesh? Explain your answer by writing about all three choices. You must give examples to support your answer.

- folk craft
- religious festivals
- the songs of Rabindranath Tagore

[12]

**Choose TWO of Questions 2 to 4.  
Answer ALL parts of the two questions you choose.**

**Question 2: Pre-Mughal Bengal**

We know very little about the history of Bengal before the arrival of the Aryans. When the Greeks invaded the north-west of India their writers told of a powerful kingdom in Bengal, but we do not have detailed information about this kingdom. 1

We do know that during the third century B.C. the Mauryas ruled in north Bengal and spread their influence across other parts. We also know that Bengal became part of the Gupta Empire until the sixth century. After this period there were few capable rulers until Gopala established the Pala dynasty in the eighth century. Later the Sena dynasty spread across a vast area of Bengal. 5

From the mid-fourteenth century Bengal experienced a period of independent rule which ended when Ghiyasuddin Mahmood was defeated by Afghan forces in 1538. 10

**Part (a)**

- (i) When did the Aryans first enter Bengal? [1]
- (ii) Who led the Greek forces which invaded India in 327 B.C.? [1]
- (iii) During the reign of which emperor was Maurya rule established in north Bengal? [1]
- (iv) Which son of Gopala was the greatest of the Pala rulers? [1]
- (v) Which Afghan leader defeated Ghiyasuddin Mahmood in 1538 A.D? [1]

**Part (b)**

- (i) Describe what you know about the Sena dynasty which 'spread across a vast area of Bengal'. (line 7) [5]
- (ii) Explain why the Pala dynasty was able to establish itself in Bengal and expand its territories up to 781 A.D. [5]

**Part (c)**

Which of the following do you think was the greatest Sultan of the Hussain Shahi dynasty?

Explain your answer by writing about all three Sultans.

- Alauddin Hussain Shah
- Nasiruddin Abdul Nusrat Shah
- Ghiyasuddin Mahmood Shah [10]

### Question 3: The British Period

#### Reasons for the War of Independence against the British

British rule in the Indian sub-continent was very unpopular. The local people thought that the British treated them as if they were inferior. The Doctrine of Lapse was particularly unpopular. 1

There were also reasons for discontent amongst members of the armed forces. Most of the soldiers in the East India Company's army were Indian, but the officer class was almost entirely British. This caused great resentment. The war finally began over the issue of greased cartridges. 5

The Indians thought that they had been forced to rise up by British mistreatment. But the British thought that the war was a sign of disloyalty and punished the Indians severely.

#### Part (a)

- (i) In what year did this War of Independence begin? [1]
- (ii) Who was Governor-General at that time? [1]
- (iii) Who was the Mughal Emperor at that time? [1]
- (iv) What name did the British give to the War of Independence? [1]
- (v) What happened to the East India Company after the War of Independence? [1]

#### Part (b)

- (i) Describe what you know about the 'Doctrine of Lapse'. (line 2) [5]
- (ii) Why did the 'issue of greased cartridges' (line 5) make the war start? [5]

#### Part (c)

'The Indians thought they had been forced to rise up against the British, but the British thought that the war was a sign of disloyalty'. Explain these differing views, remembering to include reasons that are **not** given in the passage. [10]

#### Question 4: From Pakistan to Bangladesh

In 1947 East Bengal became part of the new country, Pakistan. However, it soon found that it did not always agree with decisions made by the Pakistan central government and relations between West Pakistan and East Bengal (East Pakistan) were often very poor. 1

In 1966 Sheikh Mujibur Rahman issued a charter of demands which became known as the Six Point Programme. The Pakistan government arrested Sheikh Mujibur Rahman and many other leaders of the Awami League. Two years later the government tried to have him convicted in a false treason case. 5

Relations between East and West Pakistan further deteriorated when the Awami League scored an overwhelming victory in the 1970 elections to the National Assembly. Yahya Khan took steps to prevent Sheikh Mujibur Rahman from becoming Prime Minister and in 1971 the people of East Pakistan were forced to engage in a freedom struggle to establish an independent Bangladesh. 10

#### Part (a)

- (i) Which language was made the state language of Pakistan in 1947? [1]
- (ii) Which organisation was set up to support the cause of Bangla as a state language? [1]
- (iii) What was the name of the false treason case against Sheikh Mujibur Rahman and other officials from East Pakistan? [1]
- (iv) How many of East Pakistan's 169 National Assembly seats were won by the Awami League in 1970? [1]
- (v) Why did Major Ziaur Rahman appear at Kalurghat Swadhin Bangla Radio Station on 26 March 1971? [1]

#### Part (b)

- (i) Write what you know about Sheikh Mujibur Rahman's Six Point Programme. (line 4) [5]
- (ii) Why did Yahya Khan take steps to prevent Sheikh Mujibur Rahman from becoming Prime Minister of Pakistan after the 1970 elections? [5]

#### Part (c)

Which of the following do you think was the most important reason for the success of Bangladesh in winning its independence from Pakistan? Explain your answer by writing about all three choices.

- help received by Bangladesh from other countries
- the freedom struggle organized by the Bangladeshi government in exile
- the spirit of determination of the people of Bangladesh [10]

## **SPECIMEN MARKING SCHEME**

**7094/01**

### **History and Culture of Bangladesh**

This specimen marking scheme is neither exhaustive nor prescriptive. It is an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners award marks. It only provides notes and does not give detailed sample answers. It does not indicate the details of the discussions that take place at an Examiners' meeting before marking begins; it would be amended at this meeting prior to marking the candidates' scripts.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

## INTRODUCTION

The questions on Specimen Paper 1 divide into three distinct types:

- questions which are either correct (and score one mark) or are incorrect (and score zero). These can be found in **Part (a)** of each of the four questions on the paper.
- questions which require candidates to relate historical information without analysis. These will usually be found in **Part (b) (i)** of **questions 2 to 4** and will be marked on a 'one point = one mark basis'.
- questions where there is a hierarchy of correct responses, usually in **Part (b) of Question 1, Part (b) (ii) of Questions 2 to 4** and in all **Part (c)** questions. For such answers, a 'levels of response' mark scheme is used. The candidate's response is placed in a level **according to the best part of the answer** and the mark within that level is awarded according to the criteria set out in the mark scheme.

## Question 1 The Culture of Bangladesh

### Part (a)

One mark is awarded for each correct answer.

The correct answers are:

- (i) Choice D
- (ii) Choice D
- (iii) Choice A
- (iv) Choice A
- (v) Choice D

### Part (b)

*Level One: Answers which give a generalised comment about the importance or work of Kazi Nazrul Islam, but do not give examples of his work or importance.* 1-2 marks

Reserve one mark for very simplistic statements.

*Level Two: Answers which describe the work of Kazi Nazrul Islam but make no comment on his importance.* 3-5 marks

Marks within the level should be based upon the amount of supporting detail provided.

*Level Three: Answers which use their knowledge of the work of Kazi Nazrul Islam to show his importance.* 5-8 marks

Marks within the level should be based upon the number of evaluative comments made and the degree of support given to those comments.

### Part (c)

*Level One: Answers which do no more than describe the example(s) given in the question without considering their importance* 1-6 marks

Up to two marks for each example. Therefore three detailed descriptions would score 6 marks.

*Level Two: Answers which assess the importance of the example(s) given.* 7-12 marks

Up to two marks for each example assessed. Therefore:

One example assessed = 7/8 marks  
Two examples assessed = 9/10 marks  
Three examples assessed = 11/12 marks.

N.B. Assessment must be fully explained and supported to reach this level. General comments such as 'religious festivals are very important in drawing people together and making them united' should be marked at Level One.

## QUESTIONS 2 TO 4

**All Part (a)** answers are marked in the same way. One mark is awarded for each correct answer up to a maximum of five marks.

**All Part (b)** answers are usually marked in the same way:

- (i) One mark is awarded for each explained fact up to a maximum of five marks.
- (ii) For the explanation, a 'levels of response' mark scheme is used up to a maximum of five marks.

**All Part (c)** answers will be marked in a similar way (according to level of response) up to a maximum of ten marks. However, differences in question types will necessitate some variations.

## Question 2: Pre-Mughal Bengal

### Part (a)

One mark is awarded for each correct answer.

The correct answers are:

- (i) before 2000 B.C.
- (ii) Alexander (the Great)
- (iii) Asoka
- (iv) Dharmapala
- (v) Sher Shah

### Part (b)

- (i) 1 mark is awarded for each explained fact up to a maximum of five marks.
- (ii) The following levels are used:

*Level One: Answers which write about the designated topic with no explanation, or list reasons rather than explain them* 1-2 marks

*Level Two: Answers which explain ONE reason* 3-4 marks

*Level Three: Answers which explain TWO OR MORE REASONS* 4-5 marks

### Part (c)

*Level One: Answers which do no more than describe the life or work of the example(s) given in the question without considering their 'greatness'* 1-5 marks

Up to two marks for each example up to a maximum of 5 marks. Therefore three detailed descriptions would score 5 marks.

*Level Two: Answers which assess the 'greatness' of the example(s) given.* 5-10 marks

Up to two marks for each example assessed. Therefore:

One example assessed = 5/6 marks

Two examples assessed = 7/8 marks

Three examples assessed = 9/10 marks.

N.B. Assessment must be fully explained and supported to reach this level.

### Question 3: The British Period

#### Part (a)

- (i) 1857
- (ii) Lord Canning
- (iii) Bahadur Shah II
- (iv) the Indian Mutiny or Revolt
- (v) It was dissolved.

#### Part (b)

- (i) 1 mark is awarded for each explained fact up to a maximum of five marks.
- (ii) The following levels are used:

*Level One: Answers which write about the designated topic with no explanation, or list reasons rather than explain them* 1-2 marks

*Level Two: Answers which explain ONE reason* 3-4 marks

*Level Three: Answers which explain TWO OR MORE REASONS* 4-5 marks

#### Part (c)

*Level One: Answers which describe one or both attitudes* 1-3 marks

One attitude described = 1-2 marks

Two attitudes described = 2-3 marks

*Level Two: Answers which use the information in the passage to explain the difference.* 4-5 marks

*Level Three: Answers which use contextual knowledge to support reasons for one/both attitudes* 6-10 marks

Up to three marks for each attitude explained. Therefore:

One attitude explained 6-8 marks

Both attitudes explained 8-10 marks

The number of marks given to each explanation should be based on the degree to which contextual knowledge is used.

#### Question 4: From Pakistan to Bangladesh

##### Part (a)

- (i) Urdu
- (ii) the Language Movement
- (iii) the Agartala Conspiracy Case
- (iv) 167
- (v) to make a declaration of independence

##### Part (b)

- (i) 1 mark is awarded for each explained fact up to a maximum of five marks.
- (ii) The following levels are used:

*Level One: Answers which write about the designated topic with no explanation, or list reasons rather than explain them* 1-2 marks

*Level Two: Answers which explain ONE reason* 3-4 marks

*Level Three: Answers which explain TWO OR MORE REASONS* 4-5 marks

##### Part (c)

*Level One: Answers which do no more than describe the example(s) given in the question without considering their importance in bringing success* 1-5 marks

Up to two marks for each example to a maximum of 5 marks. Therefore, three detailed descriptions would score 5 marks.

*Level Two: Answers which assess the importance of the example(s) given.* 7-10 marks

Up to two marks for each example assessed. Therefore:

One example assessed = 5/6 marks

Two examples assessed = 7/8 marks

Three examples assessed = 9/10 marks.

N.B. Assessment must be fully explained and supported to reach this level.

**Mark allocations in this specimen paper against weightings for Assessment Objectives (AOs)**

The allocation of marks across the assessment objectives (AOs) in this specimen paper is shown in the table below:

	AO1	AO2	AO3	A04	Marks
1 a	5				5
b	3	5			8
c	3	2	7		12
2 a	3			2	5
b (i)	4			1	5
b (ii)	2	3			5
c	2	2	6		10
3 a	3			2	5
b (i)	4			1	5
b (ii)	2	3			5
d	2	2	6		10
4 a	3			2	5
b (i)	4			1	5
b (ii)	2	3			5
c	2	2	6		10
Total	44	22	25	9	100
Percentage	44%	22%	25%	9%	100%

UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS  
General Certificate of Education Ordinary Level

**BANGLADESH STUDIES**

**7094/02**

Paper 2: Environment and Development of Bangladesh

May/June

SPECIMEN PAPER

**1 hour 30 minutes**

Additional Materials: Answer Paper/Booklet

**READ THESE INSTRUCTIONS FIRST**

Answer any **three** questions.

Sketch maps and diagrams may be drawn to illustrate an answer.

You are advised to spend about 30 minutes on each question.

This document consists of **9** printed pages.

IB04 06\_7094\_02/RP  
© UCLES 2006

UNIVERSITY of CAMBRIDGE  
International Examinations

**[Turn over**

Answer any THREE questions.  
Answer ALL parts of the questions you choose.

1 (a) Study Fig.1.

Fig.1

- (i) Describe the main physical features of the shaded area **A**. [5]
- (ii) Why is area **A** suitable for the generation of hydro-electric power? Give **two** reasons. [2]
- (iii) Name rivers **B** and **C**. [2]
- (b) The delta of the Ganges-Brahmaputra river system covers a large area of Bangladesh. With the aid of a labelled diagram(s) describe how a delta is formed. [6]
- (c) Flooding by rivers, especially August to October, is a serious problem in Bangladesh.
- (i) Explain why the rivers flood. [5]
- (ii) How effective are the methods used to control floods? Give reasons for your answer. [5]

2 (a) Fig.2 is a climate graph for Barisal.

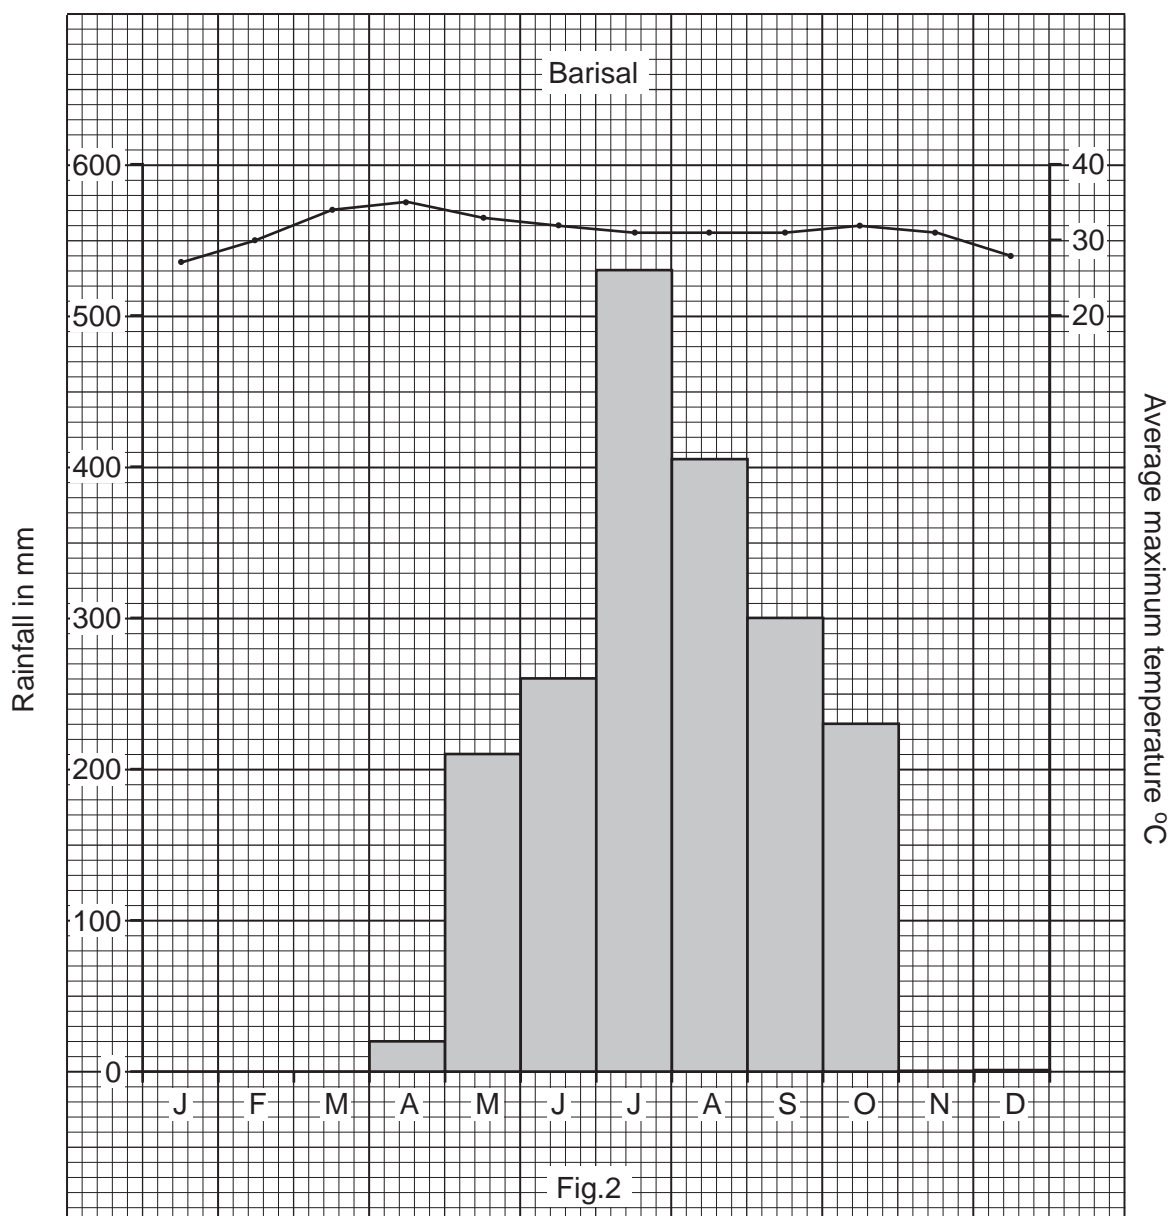

Fig.2

- (i) What is the rainfall in the wettest month? [1]
- (ii) Using Fig.2 only, describe the distribution of rainfall in Barisal. [3]
- (iii) Describe the temperature pattern for Barisal, including the range of temperature. [3]
- (b) The heaviest rainfall occurs in the monsoon season.
- (i) What is meant by the term 'monsoon'? [2]
- (ii) Explain how the reversal of winds causes monsoons. [5]

- (c) What effects do you think droughts have on farmers' lives? [4]
- (d) Installing deep tube wells to help overcome the effects of droughts has resulted in arsenic contamination in the water. Explain the causes of arsenic contamination **and** describe its effects. [7]

3 (a) Describe **two** differences between subsistence agriculture and commercial agriculture. [2]

(b) The main food crop of Bangladesh is rice.  
State the natural inputs that allow rice to be grown in Bangladesh. [5]

(c) Fig. 3A shows rice production in Bangladesh and Fig. 3B shows the acreage of rice.

Fig.3A

Fig.3B

- (i) Using Figs 3A and 3B, describe the trends shown in rice production and acreage. [4]
- (ii) How does Fig. 3 show that the yield (the amount produced per acre) of rice has changed between 1994 and 2001? [2]
- (iii) Explain how new developments such as the 'Green Revolution' have resulted in the trends shown in rice production. [6]
- (d) Do you consider that it is important to increase **both** food and cash crop production in Bangladesh? Give reasons for your answer. [6]

- 4 (a) (i) With the use of examples, describe the main features of cottage industries in Bangladesh. [4]
- (ii) In which ways do you think cottage industry helps women in Bangladesh? [4]

(b) Fig. 4 shows the number of garment-making factories between 1991 and 1998.

With the help of Fig.4, describe the importance of the ready-made garment industry to Bangladesh, including employment and trade. [4]

(c) Using Fig. 4, predict the likely number of garment-making factories in Bangladesh in the year 2000. Explain your answer. [2]

(d) One of the environmental problems of industrialisation has been pollution.

With reference to examples, describe the impact industry has had on the environment. [4]

(e) Other industries are not progressing at such a fast rate as the garment industry.

What could the government do to help to encourage industrialisation in Bangladesh? [7]

5 (a) What is meant by:

(i) birth rate

[1]

(ii) infant mortality

[1]

(iii) natural increase?

[2]

(b) Fig.5 shows the percentage distribution of population by age groups.

- (i) Which age group had the largest increase between 1951 and 1996? Give reasons for this increase. [4]
- (ii) Which age group had the largest decrease between 1951 and 1996? Give reasons for this decrease. [4]

(c) Some people emigrate from Bangladesh to Europe.

What are the advantages **and** disadvantages of this international migration for Bangladesh?[4]

(d) **Adult Illiteracy Rates for 2000**

	Rural	Urban
Male	43 %	24 %
Female	61 %	38 %

- (i) Why is female illiteracy higher than male illiteracy? [4]
- (ii) Why is illiteracy higher in rural areas than urban areas? [2]
- (iii) How does illiteracy affect employment prospects? [3]

## **SPECIMEN MARKING SCHEME**

**7094/02**

### **Environment and Development of Bangladesh**

This specimen marking scheme is neither exhaustive nor prescriptive. It is an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners award marks. It only provides notes and does not give detailed sample answers. It does not indicate the details of the discussions that take place at an Examiners' meeting before marking begins; it would be amended at this meeting prior to marking the candidates' scripts.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

1. (a) (i) highland area  
highest in the south-east  
highest peak – 898 metres  
steep slopes  
in the west – rounded foothills  
ravines/valleys  
main river – Karnaphuli  
waterfalls  
trellis drainage pattern in the east  
5 at 1 mark [5]
- (ii) suitable relief – steep-sided valleys  
valley dammed – Lake Kaptai - many rivers feed into it  
high rainfall  
2 at 1 mark [2]
- (iii) B – Tista River  
C – Padma River [2]
- (b) deposition  
heavy load carried by river  
river's speed checked as it enters the sea  
shallow water  
no currents/strong tides  
sheltered/calm sea  
salt water causes fine mud to coagulate  
deposition along tributaries  
distributaries  
advances seaward
- For full marks there must be a labelled diagram. If there is text – mark the diagram first then the text, but no double marking.  
6 at 1 mark [6]
- (c) (i) Deforestation in the Himalayas  
less interception – more surface run-off  
soil erosion – silting  
heavy rainfall – rapid surface run-off  
high water table  
snow melt in the Himalayas  
5 at 1 mark [5]
- (ii) No mark for 'not effective/very effective'. Need reasons.  
Flood Action Plan – international organisation  
embankments – allow elaboration – change environment, less silt, water logging  
canals and channels  
sluice gates  
barrages  
dams in India - Farraka  
5 at 1 mark [5]

**Total 25 marks**

2. (a) (i) 530 mm [1]
- (ii) seasonal  
 high March to October  
 heaviest July and August  
 no rain/drought January to March  
 very little April, November and December  
 3 at 1 mark [3]
- (iii) range of 8°C  
 high temperature  
 uniform May to November  
 highest in April  
 3 at 1 mark [3]
- (b) (i) seasonal winds that bring heavy rainfall [2]
- (ii) high pressure over Australia  
 low pressure over Indian sub-continent because of high temperatures  
 winds blow from high pressure to low pressure  
 winds blow across Indian Ocean – moisture laden  
 5 at 1 mark [5]
- (c) crops die  
 livestock die  
 lack of food/starvation  
 malnutrition  
 lack of income  
 poor harvest  
 4 at 1 mark [4]
- (d) increased use of groundwater  
 iron and manganese compounds dissolve  
 increased irrigation caused aquifers to drop – compounds exposed to  
 oxygen and release arsenic  
 percolate into water table during monsoon season  
 poisons body – cancer of skin, lungs, bladder, kidneys  
 changes skin pigmentation and thickens - gangrene  
 kidney and liver problems  
 breathing problems  
 Allow elaboration  
 7 at 1 mark [7]

**Total 25 marks**

3. (a) subsistence – used by farmer and family  
 little surplus for sale  
 commercial – grow to sell – income for farmer  
 2 at 1 mark [2]
- (b) Flat, low-lying land  
 alluvial soils – from flooding of rivers  
 water retaining soils  
 temperatures 16°C – 27°C  
 rainfall high – 1000 to 3000 mm  
 5 at 1 mark [5]
- (c) (i) production – increased  
 steady at first/1994 to 1998  
 highest increase after 1999  
 acreage remained steady  
 only slight increase  
 decreased 1998 –1999 but rice production rose  
 4 at 1 mark [4]
- (ii) Amount of land use similar, but more rice produced  
 Therefore higher yield – more rice per acre of land  
 2 at 1 mark [2]
- (iii) HYV seeds  
 irrigation  
 fertilisers  
 insecticides/pesticides  
 technology/machinery  
 co-operatives  
 loans  
 Allow elaboration  
 6 at 1 mark [6]
- (d) No mark for yes/no/ maybe. Mark reasons.  
 Food crops – increased population  
 improved standard of living  
 better nutrition  
 better state of health  
 reduces imports – money could be spent on developments  
 Cash crops – needed for industry as raw materials – examples  
 increased income/GNP/foreign exchange  
 leads to other industries – fertilisers, irrigation equipment, tractors  
 Allow elaboration  
 6 at 1 mark [6]
- Total 25 marks**

4. (a) (i) small  
in the home  
family labour  
women and children employed  
low capital  
local raw materials  
use traditional crafts and methods  
examples to 2 marks max.  
Allow elaboration  
4 at 1 mark [4]
- (ii) employment  
self esteem  
helps family income  
develop skills  
Allow elaboration  
4 at 1 mark [4]
- (b) high increase in number of factories  
source of foreign exchange – 55% export earnings  
exports to 50 countries – US, Canada, France, Italy, Germany, UK  
increased employment  
particularly women (80% workforce)  
Allow elaboration  
4 at 1 mark [4]
- (c) 2500 (accept up to 2700)  
Based on same trend as middle 1995 onwards  
2 at 1 mark [2]
- (d) waste and effluents from heavy industries e.g. along Karnaphuli River  
lower oxygen levels  
fish and aquatic life die  
smells from effluents in reservoirs and rivers  
air pollution – toxic gases  
examples – 1 mark (e.g. tanneries, fertiiser factories, chemical works,  
paper mills)  
4 at 1 mark [4]
- (e) encourage technical education  
encourage private and foreign initiatives (MNCs)  
provide industrial loans  
improve transport and communications  
research relating to industry  
infant industry protection  
Allow elaboration  
7 at 1 mark [7]
- Total 25 marks**

5. (a) (i) the number of babies born per 1000 of the population per year [1]
- (ii) the number of babies per 1000 who die before their first birthday [1]
- (iii) the difference between birth rate and death rate, not including migration [2]
- (b) (i) 60+ reserve 1 mark  
improved standard of living  
improved health care  
improved food/nutrition  
improved sanitation  
cleaner water supplies  
improved living conditions  
3 at 1 mark [4]
- (ii) 0-4 reserve 1 mark  
family planning programmes  
education/awareness  
empowerment of women - careers  
lower infant mortality - fewer babies born  
3 at 1 mark [4]
- (c) money sent back to family  
relieves population pressure  
relieves pressure on land/farms  
brain drain – professionals leave  
young men leave  
4 at 1 mark [4]
- (d) (i) traditional beliefs  
low social status  
discrimination  
early marriages  
lack of schools  
Allow elaboration  
4 at 1 mark [4]
- (ii) fewer schools  
lower skills required in employment  
Allow elaboration  
2 at 1 mark [2]
- (iii) low paid jobs  
unskilled jobs  
newer jobs - e.g. IT - require education  
Allow elaboration  
3 at 1 mark [3]
- Total 25 marks**

Mark allocations in this specimen paper against weightings for Assessment Objectives (AOs)

The allocation of marks across the assessment objectives (AOs) in this specimen paper is shown in the table below:

	AO1	AO2	AO3	Marks
1 a	6	3		9
b	2	4		6
c	5		5	10
2 a		7		7
b	7			7
c			4	4
d	7			7
3 a	2			2
b	5			5
c	6	6		12
d			6	6
4 a	4		4	8
b		4		4
c		2		2
d	4			4
e	5		2	7
5 a	4			4
