Paper 2 Practical Test   **October/November 2007**

Planning Session: **1 hour 30 minutes**
Practical Test: **2 hours 30 minutes**

Additional Materials: Carbonised Sheets

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Planning Session: 1 hour 30 minutes

One of the groups of tests **A**, **B** or **C** will be allotted to you. Read the two tests in your group carefully, and choose **one** of the alternatives. Then proceed in the following order:

   (i)   Using the carbonised sheets, write down your choice of work.

   (ii)   Make a detailed plan of work. (Do not write out the test question.)

   (iii)   Make a list of ingredients, equipment and materials you will require to carry out the work set, and write it on the separate carbonised sheet. You will be expected to use local cleaning agents if they are satisfactory.

Recipe books may be used during the planning session only. Write your **candidate number** and the **letter and number of the test** on your plan and list. Give them, with this question paper, to the Supervisor. You may not take away a copy of the test or of your plan or any notes, and you may not bring fresh notes to the practical examination. You may, if you wish, take a copy of the list of ingredients, equipment and materials you will require.

The question paper, plan and list will be returned to you by the Examiner at the beginning of the Practical Test. You will be expected to keep to your plan. At the end of the examination, the plan, list and question paper are to be handed to the Examiner.

This document consists of **3** printed pages and **1** blank page.
