

## Failure of Democracy in Pakistan

### Causes of failure of democracy in Pakistan

- Non-political culture
- corruption
- poverty
- low literacy rate
- poor rule of judiciary

>>>>NOTE : Dear what do u mean by "non-political culture".

Political Culture is a term in political science.just check it out.oyherwise u r making a very mis-guided start in ur essay.may be FAILED in the 1st minute.

dont mind plz.....

political culture is term in pol science which means particular characterstics of a political community.they can be democratic or non-democratic,or any other even anarchic.by saying NON-POLITICAL CULTURE you actually mean that we have no characteristics or qualities which make us political.

i dont disagree with your thought dear.but use the term 'undemocratic political culture' instead of 'non-political culture'
