

## Pakistan's War on Terror and its impact on our psyche and politico-economic-cum –social

Plz comment on this piece of writing

Pakistan's War on Terror and its impact on our psyche and politico-economic-cum –social Fronts

Outline:

1. introduction
2. Is "war on terror" really Pakistan's war
3. Operations in Swat and its Impacts
4. Preparations for operations in South Waziristan Agency
5. Impacts of War on Pakistani Society
  - Economic Cost born by Pakistan
  - Rising terrorism in tribal regions
  - Deteriorating law and order situation
  - Suicide\ bombing
  - Insecure public\
  - Threat to cricket\
  - Melting business\ activities and de-investment
6. Controversial opinions among common public
7. Soothing the situation and suggestions
8. Conclusion

Points:

1. War on terror has become Pakistan's own War
2. Strategic alliance with America has exploited the situation
3. Drone attacks are proving counter productive
4. Swat operation brought huge out flux of the people and it has inflicted huge damage to the economic conditions of the people, education infrastructure is destroyed ... poverty would breed the germs of terrorism
5. People are ambiguous about the situation, common public don't have any consensus over the issue, opposite opinions are widely found
6. Sense of insecurity among the people, business activities are suffering
7. Govt unable to control the situation
