

Paper Solving Techniques

Solving a paper of css doesnot require ordinary techniques that one used to apply in school and university. while you are going to ink the answer sheet,sitting in css exam, you must understand two things viz: what is being asked ? and what would be the proper answer?

Here is the simplified scheme to solve any paper (Islamiat is also included).

1. you have only first ten minutes to select the questions with rough idea.
2. when u have selected the question (except compalsory) find out those four questions which can be best answered by you.
3. remember that you dont have to beat about the bust, read the sequence of the things asked in question and answer all the key words one by one.
4. always use blue ink pen and keep ink remover with you so you have one chance to undo to what you did.
5. remove all cuttings that give bad impressions.

Essay Paper

Essay is not a big deal provided u know that what is the essence of essay. Essay is nothing but a set pattenen of writing . You have to follow the rules that are essential for any essay in any form of language.

Following are the steps to prepare and pass the paper of essay.

1. What material to be studied for Essay?

Essay requires a comprehensive knowledge of the topic to be discussed. if you are writing on global warming or renewable energy you must have the accurate statistics for the topic. simillarly if you are writing on terrorism or misperception about islam than you must know different refrences and saying of prominent leaders. Therefore I recommend extensive reading of dawn, find out on various issues like global warming, renewable energy, humanism, civil liberties, terrorism etc. (it helped me to obtain 54 in essay)

2. How to write?

it first needs the selection of topic. always chose an easy topic for what u have done homework. than use thesis statement style of writing easy. Pay attention on introduction and conclusion. Remember to use easy words and make short sentences. Don"t make any grammatical or spelling mistake. You will pass it Insha Allah.

English

Well I think it is the toughest paper to solve. you need to do alot of homework to pass this paper. but its not impossible. Solving the paper of english require one to have full command over precise making, expansion of idea, vocabulary, grammar.etc. if you go through following tips you will certainly feel diffrence in your skills of writing and speaking english.

1. Read articles, opinion editorials in dawn . economist get them copied make a file. now the thing is how to read and what do with article. give the full article a normal reading taking out difficult words (make separate register for vocabulary and idioms) . then find out the meanings of the difficult word (remember always that you have to notice how the writer has used that word).
2. In article find out different grammatical rules and learn that how the writer is using grammar. try to do it yourself as well.
3. Go through mastering the world of english, exploring the world of english.
4. Buy digital dictionary and make full use of it. (franklin recommended).
5. Direct indirect made easy by anwar afzal mufti.
6. Watch bbc, or dawn news channel .listen what they say and what rule of grammar or structure they are using . its enough for english

Everyday Science

Everyday science is a subject which can change your total score because one can get maximum marks in it provided he does well in written. well now fpsc have divided eds paper into two section. theoretical (50 marks) and objective (50 marks). EDS by kashmiri is sufficient and solve the last ten years paper. thats all for eds.

Pakistan Affairs

While solving the paper of pak affairs you must remember that when you ink the paper it must be patriotic, quote references, statement of our leaders, accurate dates, and most important is that you have to give a conclusion. a conclusion by you will be in if clause i.e if it had not happened things would have been different or had it not happened things would have been different

Books

Struggle for Pakistan I.H.Qureshi

Making of Pakistan by K.K.Aziz

Pakistan Affairs by Ikram Rabbani (sufficient if you cant go for first two books.)

Current Affairs

It is hard to get good score in current affairs paper, but not impossible. the best way of preparing yourself for current affairs is reading dawn and weekly economist. you can have economist on web because one issue costs 300 rupees.

Take out opinion and editorials from dawn. reading of the letters to editors give you insight that how one has to present his own suggestions.so these letters are also important. print out some of the articles from weekly basis.

At the end of month categorize the articles in accordance to the subject and bring out the best one from every category and discard all other. you can keep 2 articles for each category if required.

Make a note of important dates, personality, and other important information. (don't miss international page).

While you are solving the paper you must go in the following sequence for every question.

1. background
2. present situation.
3. plus and minus of the topic.
4. conclusion with recommendations.

Islamiat

It is my personal opinion that one must take the paper of Islamiat in Urdu and not in English (not necessary). One has to solve 5 questions plus one compulsory question. The paper of Islamiat (current pattern) asks one to have command over Islamic basics. You have always to show yourself as Islamic and not a moderate. If the question is on freedom of women then you must show the real picture depicted in Islam and not go for ideas for liberalism.

Recommended books:

Jahangir Book's Depu Islamiat for CSS
Tarjuman Al-Quran (magazine)
Dawn Friday Islamic article.
Islamic articles in Urdu Newspapers

I recommend that you must write beautifully and put verses (shair) according to the suitability of the topic. It really boosts your score.
